

Sampling Valve Cutaway, 1/2" - 1"

Model: 266

DAC Worldwide's Sampling Valve Cutaway, 1/2" - 1" (266) allows for convenient classroom training in the operation, construction, and maintenance of an industrial sampling valve. Through carefully planned sectioning and color-coding, the complete internal configuration of the valve is exposed and showcased. Seal features and hardware locations have been retained, allowing for "hands-on" training in maintenance.

FEATURES & SPECIFICATIONS

- Sectioning of actual hardware (common valve makes and models chosen) 1/2"- 1" size chosen.
- Cleaning, priming, and painting using a high-durability, urethane coating, when necessary.
- All gaskets, seals, and seats shown.
- 7-Gauge, formed-steel, powder-coated baseplate.
- Welded, representative mounting fixture depicting pipe sampling application.
- Crating for shipment via motor freight.
- Provision for mounting on related bench, workstation and storage rack products
