

Air-Operated Diaphragm Pump Dissectible (Wilden/Aro/Price)

Model: 275-180

DAC Worldwide's Air-Operated Diaphragm Pump Dissectible (Wilden/Aro/Price) (275-180) is a realistic dissectible industrial pump for use in classroom and laboratory training relating to process pumps.

This dissectible has been restored, repainted, and mounted on a modular steel baseplate. It can also be mounted on related DAC Worldwide bench, workstation, and storage products.

All features have been retained and replacement hardware provided where necessary.

FEATURES & SPECIFICATIONS

- 7-gauge, powder-coated, formed-steel baseplate with provision for mounting on DAC bench, workstation, and storage rack products.
- Examples from well-known manufacturers, such as Wilden, ARO and others, are chosen for industrial training relevance.
- Restoration of actual industrial pump.
- Painting, where necessary, using a high-durability urethane coating.
- Replacement hardware, where necessary.
- Applicable installation and maintenance manual from original manufacturer.
- Crating for shipment via common carrier.
