

External Gear Pump Dissectible

Model: 275-135

DAC Worldwide's External Gear Pump Dissectible (275-135) is a realistic industrial pump for use in classroom and laboratory training relating to process pumps.

This dissectible has been restored, repainted, and mounted on a modular steel baseplate. It can also be mounted on related DAC Worldwide bench, workstation, and storage products.

All features have been retained and replacement hardware has been provided where necessary.

FEATURES & SPECIFICATIONS

- 7-gauge, formed-steel, powder-coated baseplate with provision for bench-top, workstation, and storage rack mounting.
- Restoration of actual industrial pump (well-known brands and models are chosen for industrial relevance).
- Painting, where necessary, using a high-durability urethane coating.
- Replacement hardware, where necessary.
- Welded steel frame, using 14-gauge, 1-1/2" x 1-1/2" tube and 1/8" plate.
- Applicable installation and maintenance manual from original manufacturer.
- Crating for shipment via common carrier.
