

Pump Maintenance Training System Plus

Model: 275-PAC

DAC Worldwide's Pump Maintenance Training System Plus (275-PAC) is a convenient industrial benchtop device for training in the disassembly, packing, and reassembly of common centrifugal pumps.

Patterned after a standard ANSI pump and including many actual pump components, the training system also allows for realistic, in-depth instruction in the installation and maintenance of mechanical seals. A clear acrylic backhead provides total visibility of the seal area.

Bring Industrial Pump Maintenance Training to the Classroom

The Industrial Pump Maintenance Training System Plus includes the following components:

- #275 Pump Maintenance Training System
- #275-001 Tool Kit
- #275-004 Type 1 Mechanical "Non Pusher" Seal
- #275-005 Type 8 Mechanical "Pusher" Seal

FEATURES & SPECIFICATIONS

- Actual ANSI centrifugal pump.
- 7-gauge, formed-steel, powder-coated baseplate with provision for bench mounting or mounting on related DAC Worldwide workstation products.
- Clear acrylic, standard bore, backhead/stuffing box with optional "Big Bore" chamber available.
- Shaft rotation via a handwheel.
- Allows for all standard ANSI pump maintenance procedures, including impeller clearance adjustment.

- Aluminum replacement gland.
- High-durability, urethane surfaces throughout.
- Spool PTFE-type, 5/16", braided, non-asbestos packing (5' spool).
- Additional gaskets.
- Lantern ring.
- Packaging for shipment via motor freight.

PRODUCT DIMENSIONS

- **Product Dimensions**

(L x W x H)

24" x 13.5" x 12" (600 x 350 x 300 mm)

120lbs. (54kg)

- **Shipping Dimensions**

(L x W x H)

28" x 15" x 24" (720 x 380 x 610 mm)

150lbs. (68kg)

OPTIONS

- Recommended #902F - Electromechanical Workstation
- #208-015 - Magnetic Base/Dial Indicator Set
- #532-022 - Operator's Guide To Centrifugal Pumps
- #275-001 - Standard Packing Tool Assortment, including: inspection mirror, cutting mandrel, (2) 10" long packing pullers, (2) 10" long lantern ring pullers, 6" pocket depth scale, (6) pairs latex gloves, 2 additional spools of packing and toolbox.
