

DELCO DBC7 ABS/TCS System (model 1432)

This trainer provides for an advanced level of instruction by duplicating actual on-vehicle operation and troubleshooting. The trainer runs actual Service Manual test procedures, and all wire colors are consistent with the original vehicle schematics.

Features:

- Realistic Accelerator and Brake Pedal Operation
- Selection of “Controlled Wheel” (LF, RF, LR, RR)
- Road Condition Selectable: Dry, Wet, Snow or Ice
- Antilock Mode or Traction Control Mode Operation
- Class 2 “Bus” for Communications with Scan Tools
- Torque Request/Torque Delivered Indicators
- BPMV Solenoid Operation Indicators
- Fault Insertion Locally with Keypad or Remotely via IMP (Instructor’s Management Program)
- Courseware Included (Student Manual, Instructor Guide, Service Manual Information)
